- **Location of Incident:** Colima Road and Azusa Avenue, Hill Valley, CA
- **Description of Incident:**

The accident took place at the intersection of Colima Road and Azusa Avenue in the city of Hill Valley. I was driving my vehicle, a silver Delorean DMC-12 with license plate number OUTA-TIME, heading south on Colima Road at approximately 88 mph. At the intersection, the traffic signal was green, and I proceeded through the intersection.

At the same time, another vehicle, a blue Type 2 Volkswagen Bus with license plate number BIF-RULZ, was traveling west on Azusa Avenue. Unfortunately, the driver failed to stop at the red traffic signal, resulting in a collision with the front passenger side of my vehicle.

The impact caused significant damage to both vehicles. The front bumper and right headlight of my Delorean are extensively damaged, and the collision cause irreparable damage to the flux capacitor and

driver's side gull-wing door mechanism. There are also damages to the front driver's side of the Volkswagen Bus. Fortunately, no injuries were sustained during the accident, and both drivers were able to move their vehicles to the side of the road.

I promptly exchanged information with the other driver, Mr. Biff Tanner, including our names, phone numbers, insurance details, and a brief description of the accident. Additionally, I took photos of the accident scene, including the damages to both vehicles and the position of the traffic signal.
